

### **Preposition E5**

..and technology requirements for testing and evaluation shall contain the following statement:

'All software shall be developed, tested, and delivered in accordance with the requirements of the contract. The contractor shall provide the test results and documentation required by the procuring agency. The contractor shall also provide the source code, documentation, and any other information required by the procuring agency.'

A screenshot of the RStudio IDE. The top menu bar shows 'File', 'Edit', 'View', 'Code', 'Tools', 'Help', and 'About'. The left sidebar has sections for 'Project', 'Files', 'Documents', 'Plots', 'Server', and 'Help'. The main workspace shows a code editor with R code, a 'knitr' preview pane, and a 'Session' pane. The bottom status bar displays 'RStudio 0.98.1105' and 'Windows 7'. A large watermark in the center of the screen reads 'www.rstudio.com'.

ACADEMIC STAFF RECRUITMENT

The provisions in this section are subject to the limitations in the rules of the voters and may be limited by the District Board as the Board deems appropriate.

Section 743(b)(1) of the Act, which relate to the compatibility with the Convention.

**Equilibrium needs** The equilibrium needs of the individual are concerned with the physical, intellectual, emotional, social, spiritual, and aesthetic needs of the individual.

Local boards didn't have to wait for the state to make them
